

# Real-Time Monitoring and Assessment using Classkick

**Narasimha Murthy H. K.**

Head – ICT Department

Daffodils English School

Sanjaynagar, Bengaluru

# Classkick

- Easy to use
- Create and share assignments
- Monitor students
- Give feedback in real time

# Great tool for...

- Instructional Design
- Differentiation
- Assessment
- Classroom Management

# How Does It Work?

- Teachers prepare an assignment
- Students work on their devices
- Everyone gives feedback
- Teachers see it all

# How Can I Teach With This Tool?

- Embed resources for future review.
- Ask higher-order thinking questions.
- Use text and scribe features to work out math problems.
- Give assistance
- Encourage peer teaching

## Assignments ⓘ

Name	Last Modified ▾		
Assignment 1: Students Checking Out Classkick on Day 1	08/09/2020		

Learn how to **import your existing lessons** into Classkick

# Assignments

# Assignments in Classkick

- Each assignment consists of a series of individual **slides**, which appear on the **dashboard**.
- Teachers can add images from the device, key in text, add files, draw, paste in a web link, or record audio on each slide.

# Assignments in Classkick

- Students are able to access assignments as soon as teachers share them.
- Teachers can see their students work as they add images and text, draw, add links, or record audio or video responses.

# Assignments in Classkick

- Students needing assistance can use the **Please Help** and **Please Check** features to get assistance.
- Teachers can write or type directly on the slide or create customized feedback by awarding points quickly without distracting others.

# Assignments in Classkick

Alternatively, students can offer each other feedback if teachers enable the **Allow Peer Helpers** feature on their own dashboard.

**Let's Create  
Assignments**

# Pros

Ability to interact with and adapt instruction to individual students in real time opens up many possibilities for use.

# Cons

Will not work without Internet connection, and file uploads are limited to images and PDFs.

## Bottom Line

It's a great option for teachers who want to go **paperless**, provide specific **feedback**, and encourage **collaboration** among students in 1-to-1 classrooms.

Q & A
