CREATING INTERACTIVES USING THINGLINK

WHY THINGLINK?

CREATING INTERACTIVES USING THINGLINK

Make any lesson interactive

With THINGLINK, you can add ORAL assessments directly into your lesson to drive student engagement.

No need to plan from scratch

Start with a resource you already have, or check out our standards-aligned, pre-made lessons.

Unlock Student Understanding

Get real-time insights into what students know, and access their learning during your lesson.

CREATING INTERACTIVES USING THINGLINK

Save prep time by importing existing Interactives(360 degree Images/Videos) and adding Virtual Tours, Embedding Quizzes and much more.

Save time with ready-to-run lessons

Choose from thousands of free or paid Interactives from expert educators and our educational partners. Customize any lesson to fit your students' needs.

Take student engagement to the next level

Get social with Fun and detailed learning

Energize the classroom with rigorous yet fun game-based lessons. Student-to-teacher interaction for a truly social learning experience.

Thinglink deeply integrates with your various tools like Microsoft Teams, Via links to any LMS — to fit to how you teach. Save time, and make access to lessons and notes easy for students.

A solution for classrooms with diverse language backgrounds and reading abilities

ThingLink offers an easy way to create audio-visual learning materials that are accessible in an integrated reading tool. All text descriptions in image or video hotspots can be read with Immersive Reader – in over 60 languages.

[START NOW](#)

Support for secure authentication and accessibility

ThingLink supports the following secure user authentication methods: Microsoft and Google Logins, Clever, Azure Tenant ID, and other single sign-on options using SAML and LTI. We comply with GDPR and WCAG 2.0 accessibility standards at AA level.

Deep integration with Microsoft Office 365

Content creation for image, video and 360 media is fully supported inside Microsoft Teams. Interactive content sharing is supported to OneNote and Teams.

Student-centered learning from planning to presentation

ThingLink helps students become fluent in using multiple forms of media to express themselves inside and outside the classroom. Our mobile app is ideal for saving notes and observations with direct audio recording to images. Our desktop editor supports collaborative editing and the creation of courses & assignments.

Free Professional Development Program for Educators and Trainers

Are you interested in becoming a ThingLink Certified Educator, Certified ThingLink Trainer or an eLearning Specialist using smart visual media? ThingLink offers a broad range of professional development opportunities for teachers and eLearning professionals around the world. Contact us for more information.

COVID CASES

<https://www.thinglink.com/card/1281154382271873026>

Have fun with custom styling, icons and interactive content!

This example is designed to be fun, purposeful and engaging during Halloween. DERTOUR wanted to market Halloween at the Europa-Park theme park and resort. Seeking to create a stunning, visual experience to bring their website content to life, DERTOUR creates an interactive map featuring many great attractions in the theme park that guests can experience. Turn up the sound! The tags might make you jump!
