# What is LMS???

- A learning management system (LMS) is a software application or web-based technology used to plan, implement and assess a specific learning process.
- Typically, a learning management system provides an instructor with a way to create and deliver content, monitor student participation and assess student performance.
- The first introduction of the LMS was in the late 1990s

# Benefits of LMS

# Essential LMS Features

Credit: Good Firms

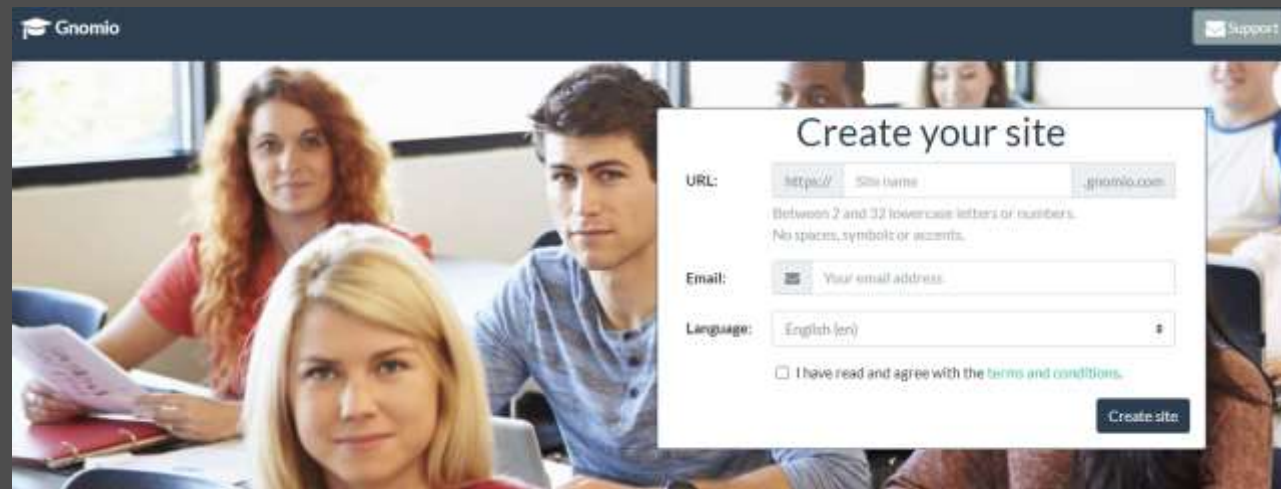

This infographic lists ten essential features of a Learning Management System (LMS). Each feature is represented by a circular icon with a white symbol on a blue background, followed by the feature name in bold and a brief description. The features are arranged vertically from top to bottom.

- Integrated virtual classroom**  
Enables learners to get into learning on each new e-course they sign up for.
- Technical Support**  
Technical assistance is required when things go wrong.
- Customizable & multi-lingual**  
As per the requirement the valuable pieces of software get customized.
- Course management**  
Semi-automatic course administration, order management, pre-registration, and assigning courses can be performed.
- Reports**  
Customized reports help in tracking the learner and the tutor performance easily.
- Communication Management**  
Within the LMS system, all course communications and notifications can be done.
- SCORM compatibility**  
Wide range of different course types and formats in the e-learning industry to certify compatibility.
- Data Storage**  
Make administration more comfortable to manage by securely keeping e-courses and training resources.
- Assessment creation & management**  
Easy to create and manage the assessment tools.
- Ecommerce**  
Direct payments through LMS make financial administration simple and straight-forward.

# Types of LMS

# Canvas as LMS

Canvas is a versatile, customizable, and inclusion of extended application that increases the flexibility and easiness of file management.

Canvas has many features that are used to provide information to students.

<https://canvas.instructure.com/login/canvas>

- Go to: <https://canvas.instructure.com/login/canvas>
- Login **or** create a free user account.

### **How to create a new course:**

- Go to the “Courses” menu and select “All Courses”
- On the right-hand side click the grey box that says

<https://canvas.instructure.com/login/canvas>

# Log In to Your Free Canvas Account

Do you have a free Canvas account (the kind any individual user can get at no cost)? Cool-here's where you log in.

Thank You!

The image features the words "Thank You!" in a highly decorative, hand-drawn style. The letters are thick and blocky, with various patterns and colors. The word "Thank" is in the top row, and "You!" is in the bottom row. The letters are decorated with patterns like zig-zags, wavy lines, and solid colors. There are also several colorful flowers (blue, pink, and purple) scattered around the text, and a small blue oval shape at the bottom right.
