

Creating Interactive Lessons with

@uripod

By :

Mohini Arora

HOD - Computer Science

Air Force Golden Jubilee Institute

About Curipod

- **AI Based Free tool.**
- **Used to create interactive lessons and hence aids in teaching process.**
- **Presentation Style Tool - Uses presentation elements like polls, word clouds, drawings, Q&As, etc.**
- **Helps to offer an interactive experience for students and teachers.**
- **Organize your content in folders.**

About Curipod

- **It helps reduce the time that the teachers have to spend on curating the content and manually creating activities and lesson plans.**
- **The teacher can also see their students' responses on your screen.**
- **The teachers can share and collaborate the lessons with groups or individuals.**

About Curipod

-
- **The content can be generated for classes 1 to 12, as well as for one's professional development.**
 - **The content spans various subjects such as math, science, social science, along with general topics such as social and emotional learning, creativity and exploration, sustainable development, etc.**
 - **It also features free interactive lessons that other teachers have created.**

About Curipod

Two versions:

Free

- Create unlimited Curipods.
- Email and Chat support

Premium

- \$ 7.50 per month.
- All features of Free version
- Extra features such as translation credits, Increased AI feedback character limit, and limited AI templates.

Getting Started With Curipod

- **Curipod is available as a web app, so it can be used from any browser without the hassle of downloading/ installing an app.**
- **Navigate to curipod.com from your preferred browser.**
- **You need to create an account to use Curipod - Click on the [Sign Up](#) button.**

Getting Started With Curipod

The screenshot shows the Curipod website interface. At the top, the browser address bar displays <https://curipod.com>, which is circled in red. The navigation bar includes the Curipod logo, an "Enter pin" button, a dropdown menu for "Immerse yourself", a "Pricing" link, a "Log in" link, and a "Sign up - It's free" button. The main content area features the text "Excitement for learning, together!" and a "Generate lessons with AI" button. A central interactive lesson card is displayed, showing a question: "What do you think is the main idea in the book 'The Giver'?" Below the question, there are two columns: "Student response" and "AI feedback". The student response reads: "The main idea is that being overprotected is not always a good thing. Lack of exposure to life experiences may make people less satisfied." The AI feedback reads: "Great start! You have highlighted central ideas such as lack of freedom and individuality. The answer would have been even better if you included a few examples that illustrated the...". At the bottom of the lesson card, there are five small thumbnail images of other lesson cards.

Plan and deliver interactive lessons on any topic - with help from AI
