## Remote learning, but actually engaging

**Before Gimkit:** Remote learning just isn't working. Students are unengaged. Dealing with assignments is a hassle. Transitioning lesson plans to work remotely is taking forever.

**After Gimkit:** Remote learning seems a lot more doable. Students are engaged and are asking to keep learning. Assignments are taken care of and graded for you. Remote lesson plans with your content can be created in minutes.

[Educator Sign Up](#)

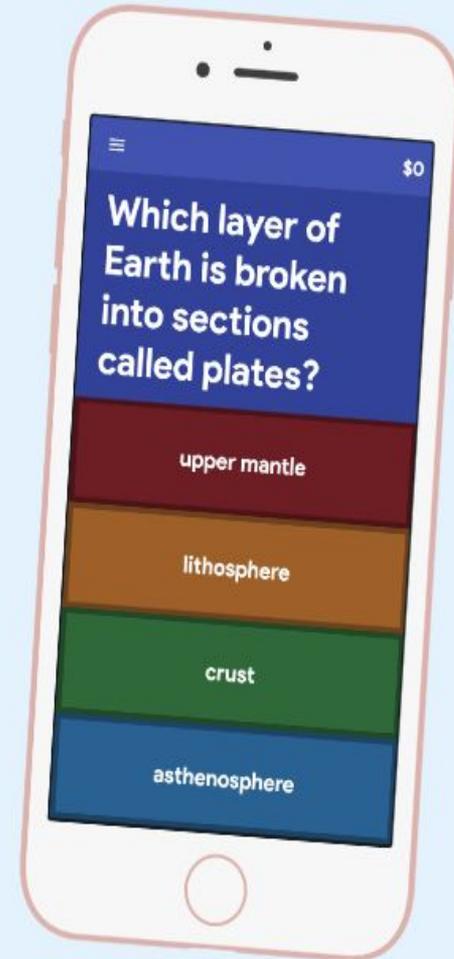

*Try it out!*

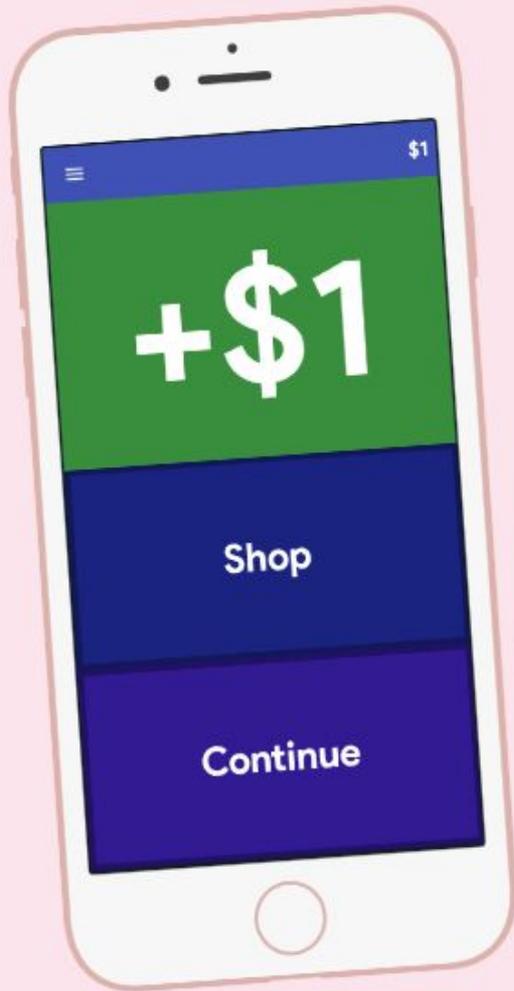

# Answer Mode

## Answer

Students answer questions on their own device at their own pace. Throughout a Kit, each student will get exposure to the questions multiple times to ensure mastery.

## Earn

Students earn in-game cash by answering questions correctly. But be careful, an incorrect answer will cost you!

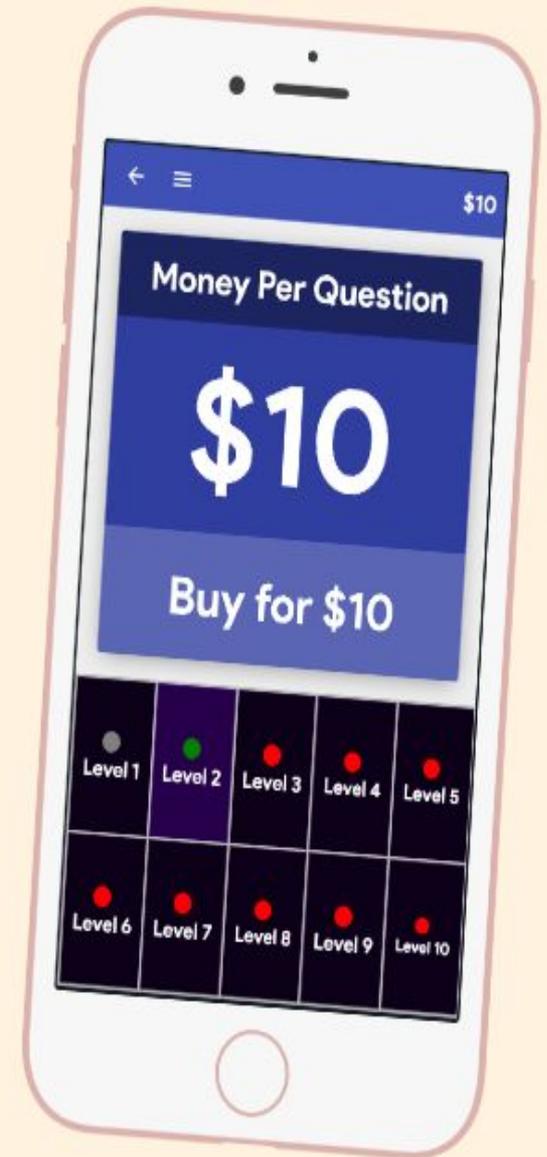

# Homework

Gimkit isn't only used in a live class setting. You can use Gimkit for homework assignments which are graded automatically.

# Shop

Students can reinvest their money by purchasing upgrades & powerups. With over 2.5 million combinations, students can make purchases that suit their strengths.

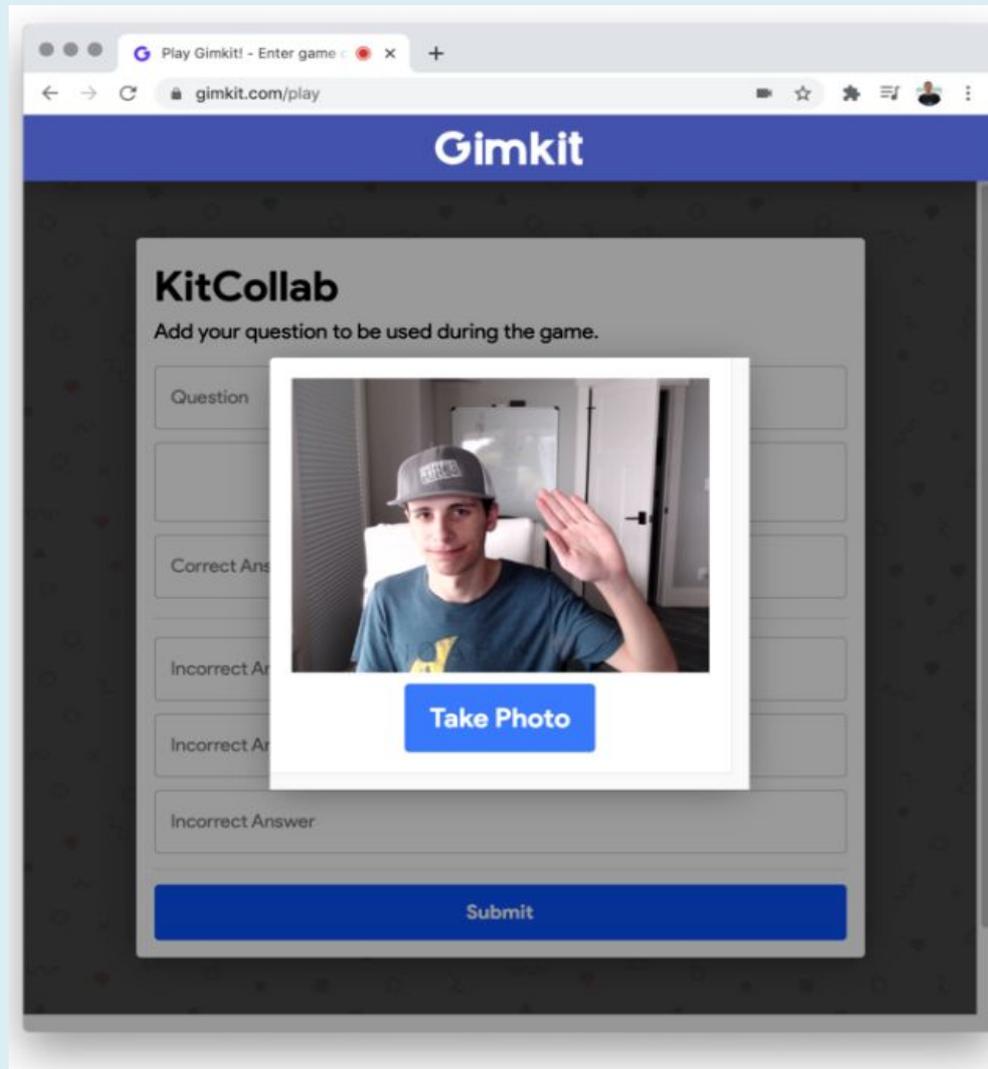

# **KitCollab**

KitCollab allows students to take charge of their own learning! Your class builds the Kit by each student contributing a question.

🔗 The game ends once the combined balance of all players reaches \$20,000,000!

# Steps to follow by learner

- Share the Gimkit web with code to the students through ZOOM or Google Meet or any other online platform.
- Students need to go to the [Gimkit.com/live](https://Gimkit.com/live) and enter the code to join the Game.
- Students can create the questions of what the teacher taught in the current session.

# To join in Gimkit Play/Game

The image shows a Google search interface. The search bar contains the text 'gimkit/live'. Below the search bar, there are navigation options: All, Books, Videos, News, Images, and More. The search results show 'About 33,200 results (0.39 seconds)'. The first result is from 'www.gimkit.com' and is titled 'Play Gimkit! - Enter game code here | Gimkit'. Below the title is a description: 'Gimkit is a game show for the classroom that requires knowledge, collaboration, and strategy to win.' There are two red arrows pointing to the search bar and the first search result. To the right of the search results, there are two red text boxes. The first box says 'Students can join through Google Browser or Mobile Google browser as gimkit/live'. The second box says 'Students no need to create id or account'. At the bottom of the search results, there is a 'People also ask' section with four questions: 'Can you play Gimkit by yourself?', 'Is Gimkit better than kahoot?', 'How much does Gimkit cost?', and 'How do you zoom on Gimkit?'. Each question has a dropdown arrow next to it.

Students can join through Google Browser or Mobile Google browser as gimkit/live

Students no need to create id or account
