# How Do I Use TeacherMade To Create Online Assignments?

In five simple steps, you will have your online assignments ready for your students.

**Step 1: Upload your file.** The file you upload becomes the background of your new online worksheet. (We support these file types.)

**Step 2: Add fields for student responses.**

**Step 3: Add answers to questions for self-scoring.**

**Step 4: Send an assignment link to students** or sync with your school's LMS platform.

**Step 5: Get instant feedback and results.**

You can use our free online app to upload a worksheet or exit slip template that you love to use. Then TeacherMade's technology does the heavy lifting.
