

AUGMENTED CLASSROOM

By Ms Anni Kumar
PGT Computer Science
Vikas Bharati Public School, Delhi

“Every child can learn, just not on the same day, or the same way as every child is unique and they have different learning style and pace.”

AUGMENTED REALITY CLASSROOM (ARC)

Student-centered learning.

Trans-disciplinary

Inquiry- and project-based

Personalized education

ARC is designed to enable students to learn between, across and beyond traditional subject boundaries using Augmented Reality and Artificial Intelligence technologies. The contents and framework of ARC support multiple curricula.

HIDE CLASS PANEL

A screenshot of a web application interface titled "Geography". At the top, there is a small icon of a laptop and a dropdown menu showing a United Kingdom flag. Below this, the word "Teacher" is displayed. To the right of "Teacher" is a "Sign Out" button. In the center of the screen, there are two large buttons: an orange "BEGIN CLASS" button and a grey "HIDE CLASS PANEL" button. A mouse cursor is visible at the bottom center of the screen.
