# My journey As a Teacher

Joined  
Navodaya Vidyalaya Samiti  
on 16-11-2001

Jawahar Navodaya Vidyalaya,  
Bolangir, Odisha  
From 16-11-2001 to 30-06-2007

Jawahar Navodaya  
Vidyalaya,  
Khordha ,Odisha  
From 01-07-2007  
to 05-09-2018

Jawahar Navodaya  
Vidyalaya,  
Jagatsinghpur ,Odisha  
From 06-09-2018  
Continuing

- Mathematics is a compulsory subject for all students at the secondary level. It is not only to be learned by the students for the sake of their career choice or advancement, but also they must practically understand the concept so that it will be easy for them to apply mathematical ideas in later part of their life.
- Mathematics is an important subject in school curriculum. And I am pretty sure that except one's mother tongue there is no other subject which is more closely related to one's daily life as mathematics.

- But it is observed that many students were not showing proper interest to practice mathematics, rather they used to memorize many theorems and formulae without proper understanding.
- Many of the students also consider mathematics as a difficult, boring and time consuming subject.
- Hence to cultivate the positive thinking in the mind of students, experimental practices are being introduced in the regular class hours. Each topic was taught through experiments and they learnt by doing experimentations.

# Why Use of ICT

- With a more than 21 years of teaching experience especially to the students who are basically coming from rural background and educated in local languages up to fifth class, inspire and educate me to adopt innovative and experimental methodologies for effective teaching of this subject.
- In view of the importance and application of mathematics in higher studies, I adopted various innovative techniques in my classroom teaching.

# Objectives

- To shift the traditional method of teaching methodology to innovative method of teaching through ICT and experimentations.
- To implement the effective teaching through Information and Communication Technology (ICT).
- To evaluate the understanding level of students through mathematical games, puzzles etc. Using ICT
- To eliminate the fear factor of studying mathematics.
- To elevate the understanding level of teaching through experiments.
- To encourage students to participate actively in online mathematical seminars, exhibitions and quiz programmes.

Students are always attracted toward the things which  
are new and exciting

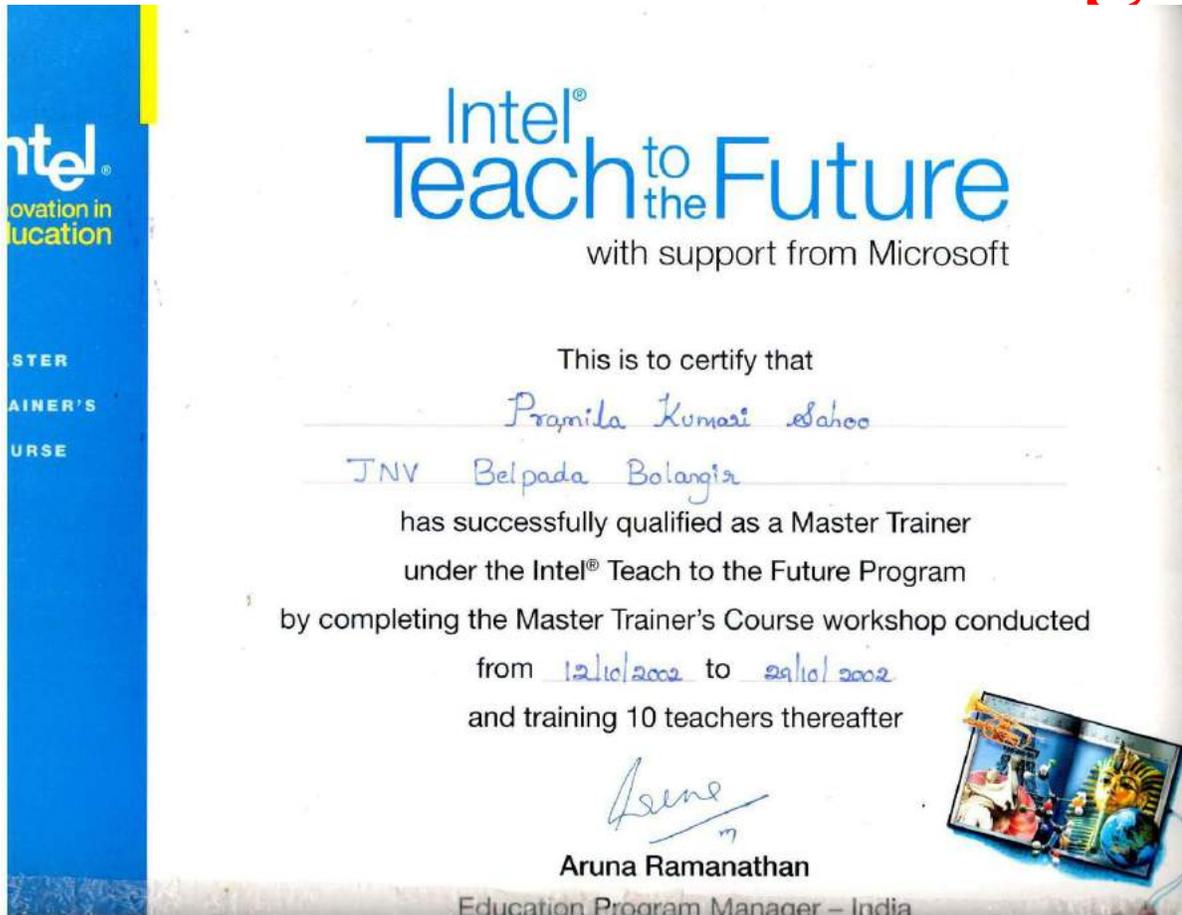

“I hear and I forget.

I see and I believe.

I do and I understand.”

*Confucius*

# First Trainings On use of ICT in teaching Learning Process

Qualified as a Master Trainer Under the Intel, Teach to the Future program from 12-10-2002 to 29-10-2002

Completed Computer Training By Microsoft Partners in Learning

# STUDENTS WORKING IN MATHEMATICS LABORATORY

# Establishment of Mathematics park in school campus

# Students Exhibiting with their Experiments

# Mathematics Model Exhibition

# CONDUCTING QUIZ PROGRAMME

## ICT in Co-curricular activities

Photographs of seminar presentation by students

# CONDUCTING PAINTING COMPETITION

# PREPARATION OF WALL MAGAZINES (Mathematical Puzzles, Games, Stories etc.)

Received The National Award for Innovative  
Practices and Experiments for Schools and  
Teacher Education Institutions 2017-18

## TITLE OF THE PROJECT

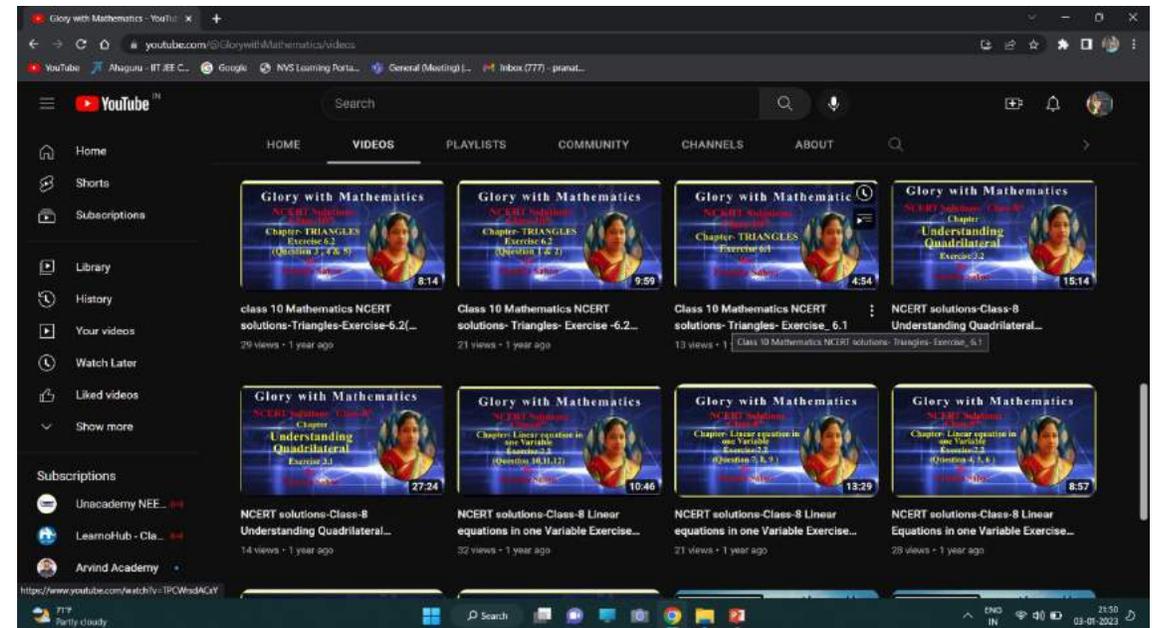

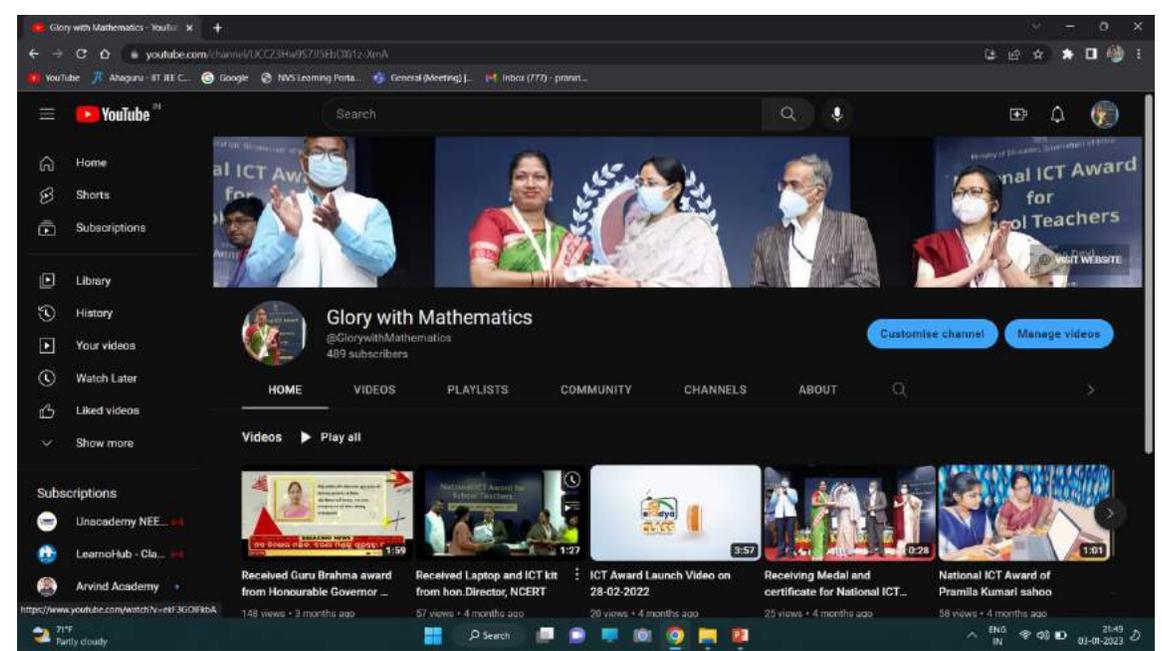

*“To Create Interest and Motivate the Students  
towards the Subject Mathematics by Applying  
Various Innovative Techniques”*

# Use of ICT in Pandemic Period

- ❖ Created My Own YouTube Channel And uploaded teaching videos .
- ❖ Uploaded E-Content in my own website.
- ❖ Attended trainings on Geogebra.
- ❖ Developed so many geogebra applets for teaching mathematics.
- ❖ Use of pen-tablet for online teaching and preparing teaching videos for YouTube channel. Use of Olab In doing experiments .
- ❖ Use of MathPad for geometrical construction.
- ❖ Use of Googleform, kahoot, Quizory.com, Menti meter for online assessment.

Created own You-Tube Channel (**Glory with Mathematics**) in which more than 300 videos are uploaded comprising teaching videos of the chapters of mathematics and related activities.

# My Website

# Use of ICT in Different fields

- ▶ ICT in Teaching Mathematics. .
- ▶ ICT in Evaluation and assessment
- ▶ ICT in analysis of the performance of the students.
- ▶ ICT in project work of the students.
- ▶ ICT in Art integrated teaching
- ▶ ICT in Co-curricular activities.( Quiz, seminars)
- ▶ ICT in observation and celebration.
- ▶ ICT in career guidance and counselling
- ▶ ICT in social awareness.(You Tube channel, website, whatsApp, Face book
- ▶ ICT in Pace setting activities(community awareness)

# ICT in Teaching Mathematics

- ▶ ICT is essential in teaching and learning mathematics.
- ▶ ICT improves the way mathematics should be taught and enhances student understanding of basic concepts.
- ▶ It promotes higher order thinking and better problem solving strategies.

# Hardware Tools Used in Teaching

**LAPTOP**

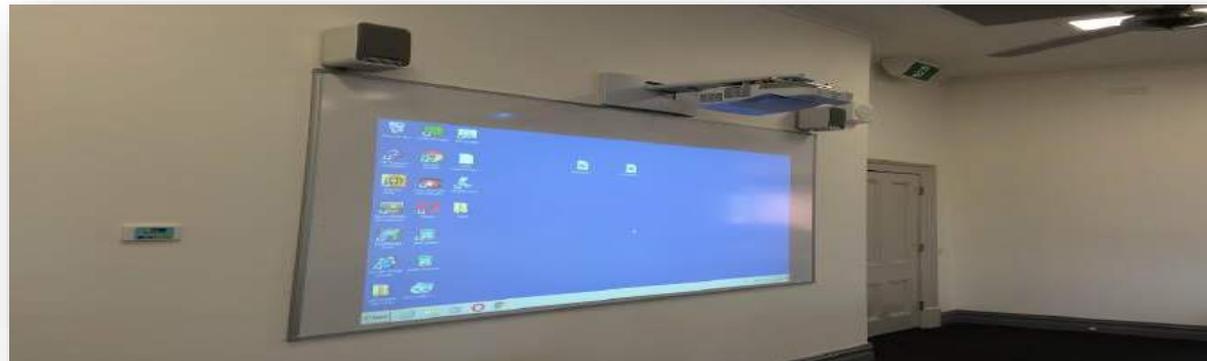

**DESKTOP**

**SMART  
PHONE**

**PEN TABLET**

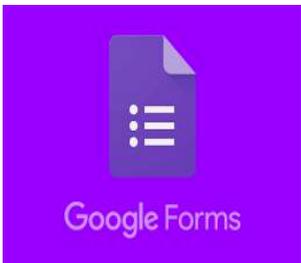

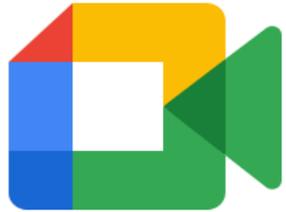

**LCD PROJECTOR**

# ICT Soft-wares / Tools Used in Teaching –Learning- Assessment:

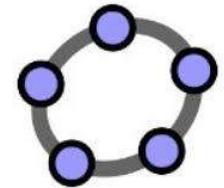

- MS Power Point
- Microsoft Team
- Google Meet
- Google form
- Khan Academy
- Geogebra
- Geometry Pad

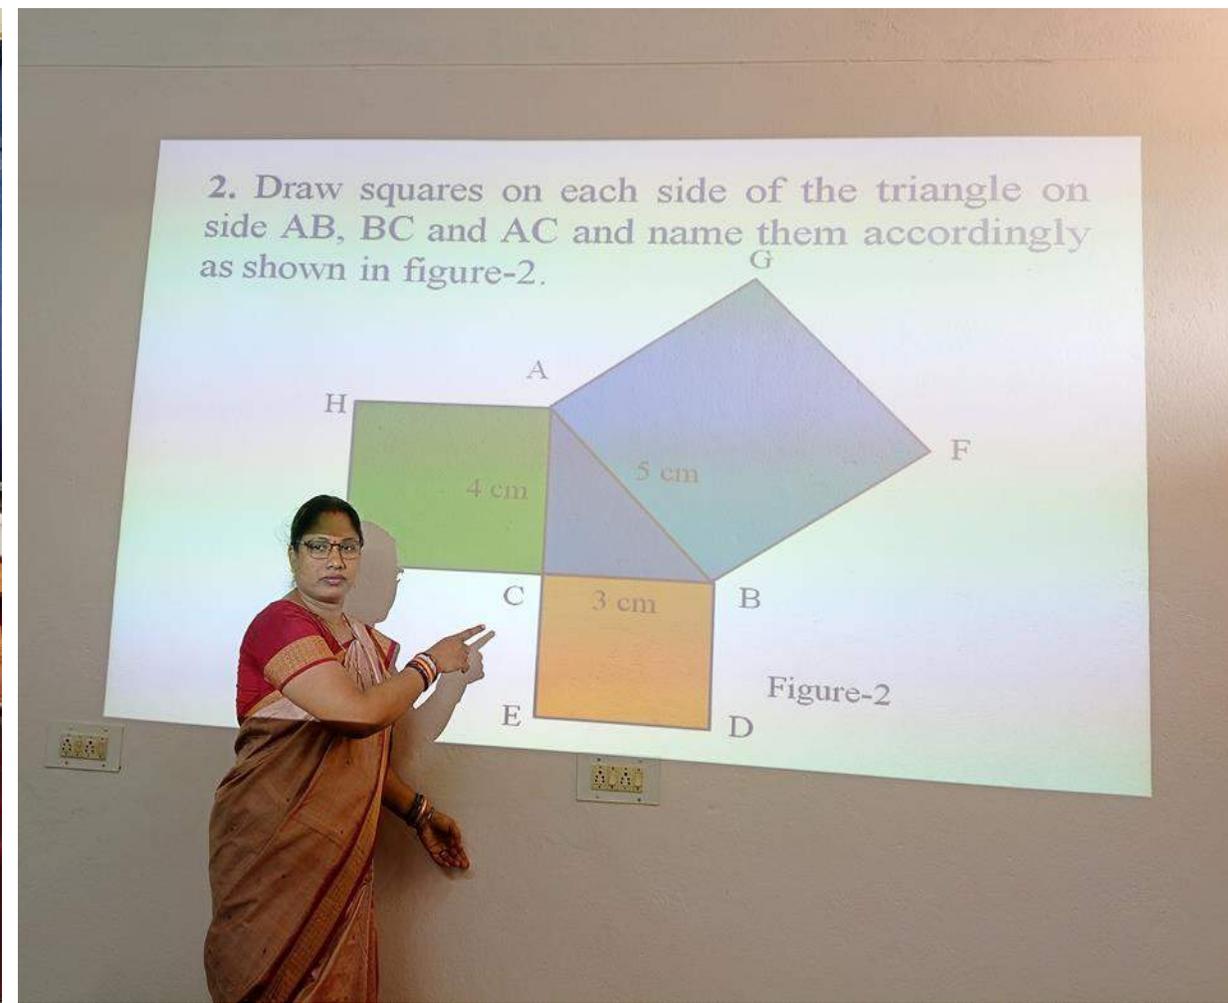

- MathPad
- O-Lab (Amrita University)
- Android Apps (Kahoot, Quizory.com, Form App, Teach Easy , Video Editor, etc.)

Microsoft Teams

# On-Line Teaching

# Teaching through Online Lab

# Doing experiments Using Geogebra

# Visiting and Teaching through ICT in the remote students during Pandemic period

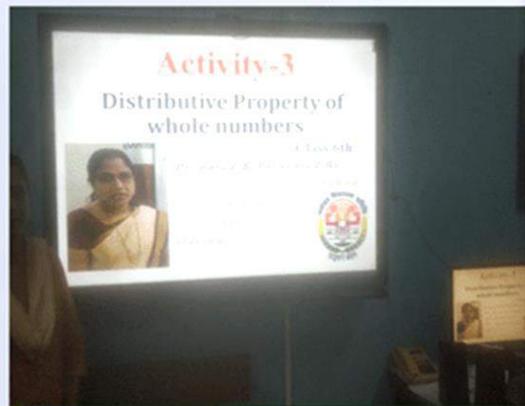

# Preparation of E- content by Using These Softwares / Mobile Apps

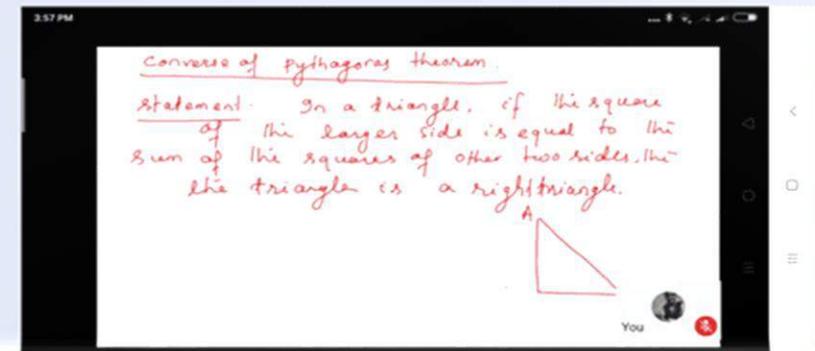

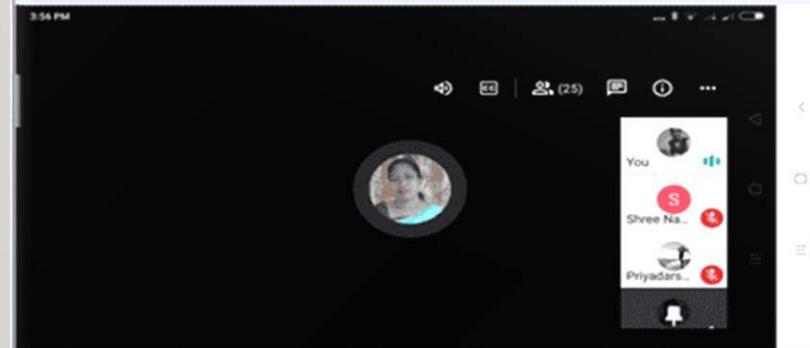

- ❖ Power-point animation
  - ❖ Geogebra
    - ❖ Stop-motion Animation studio
      - ❖ Maths-Pad
        - ❖ Use of On Line Lab for Mathematics

I regularly use smart class room for effective teaching and better understanding of students. Pen tablet is being used by me to derive formula, solve questions and to prove theorems for making online classes real and natural.

## Power point presentation in smart class room

## Teaching through Google Meet / Microsoft Team

# Activity-5

## Sum of First 'n' Natural Numbers

Class 10th

*Prepared & Presented By*

*Mrs. Pramila Kumari Sahoo*

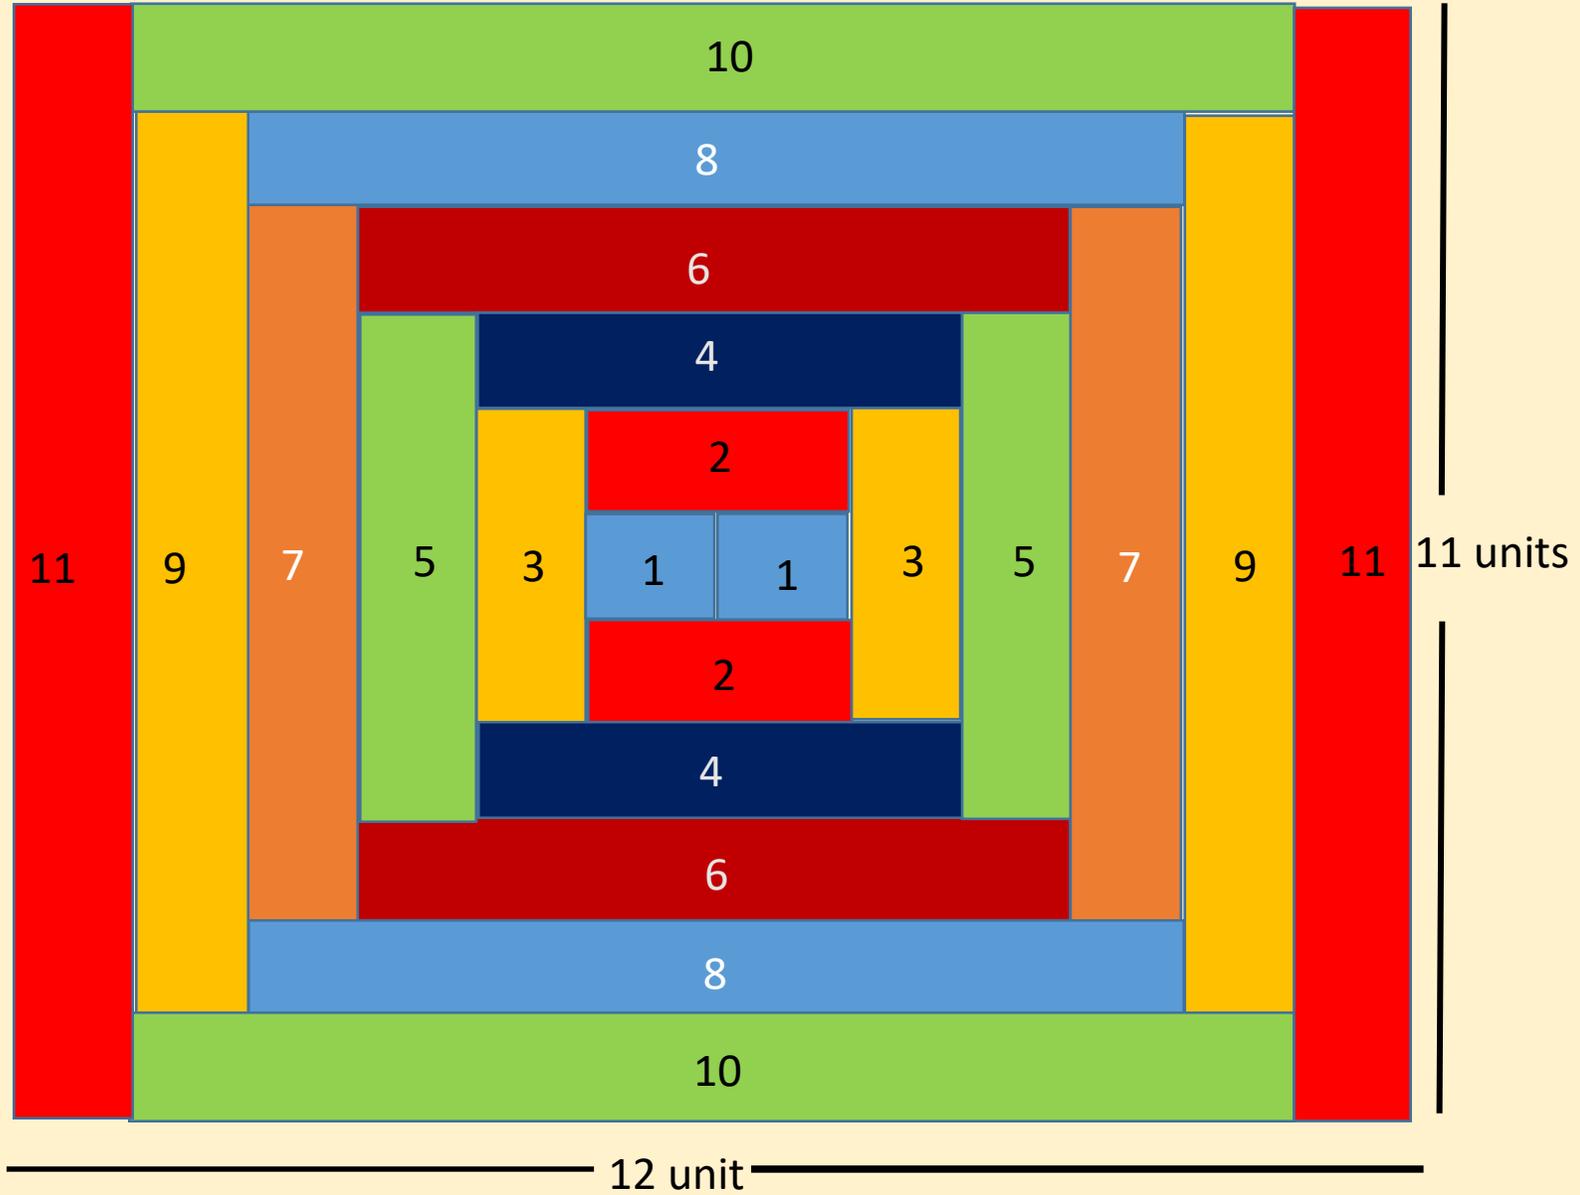

*TGT, Mathematics*

*JNV, Jagatsinghpur, Odisha*

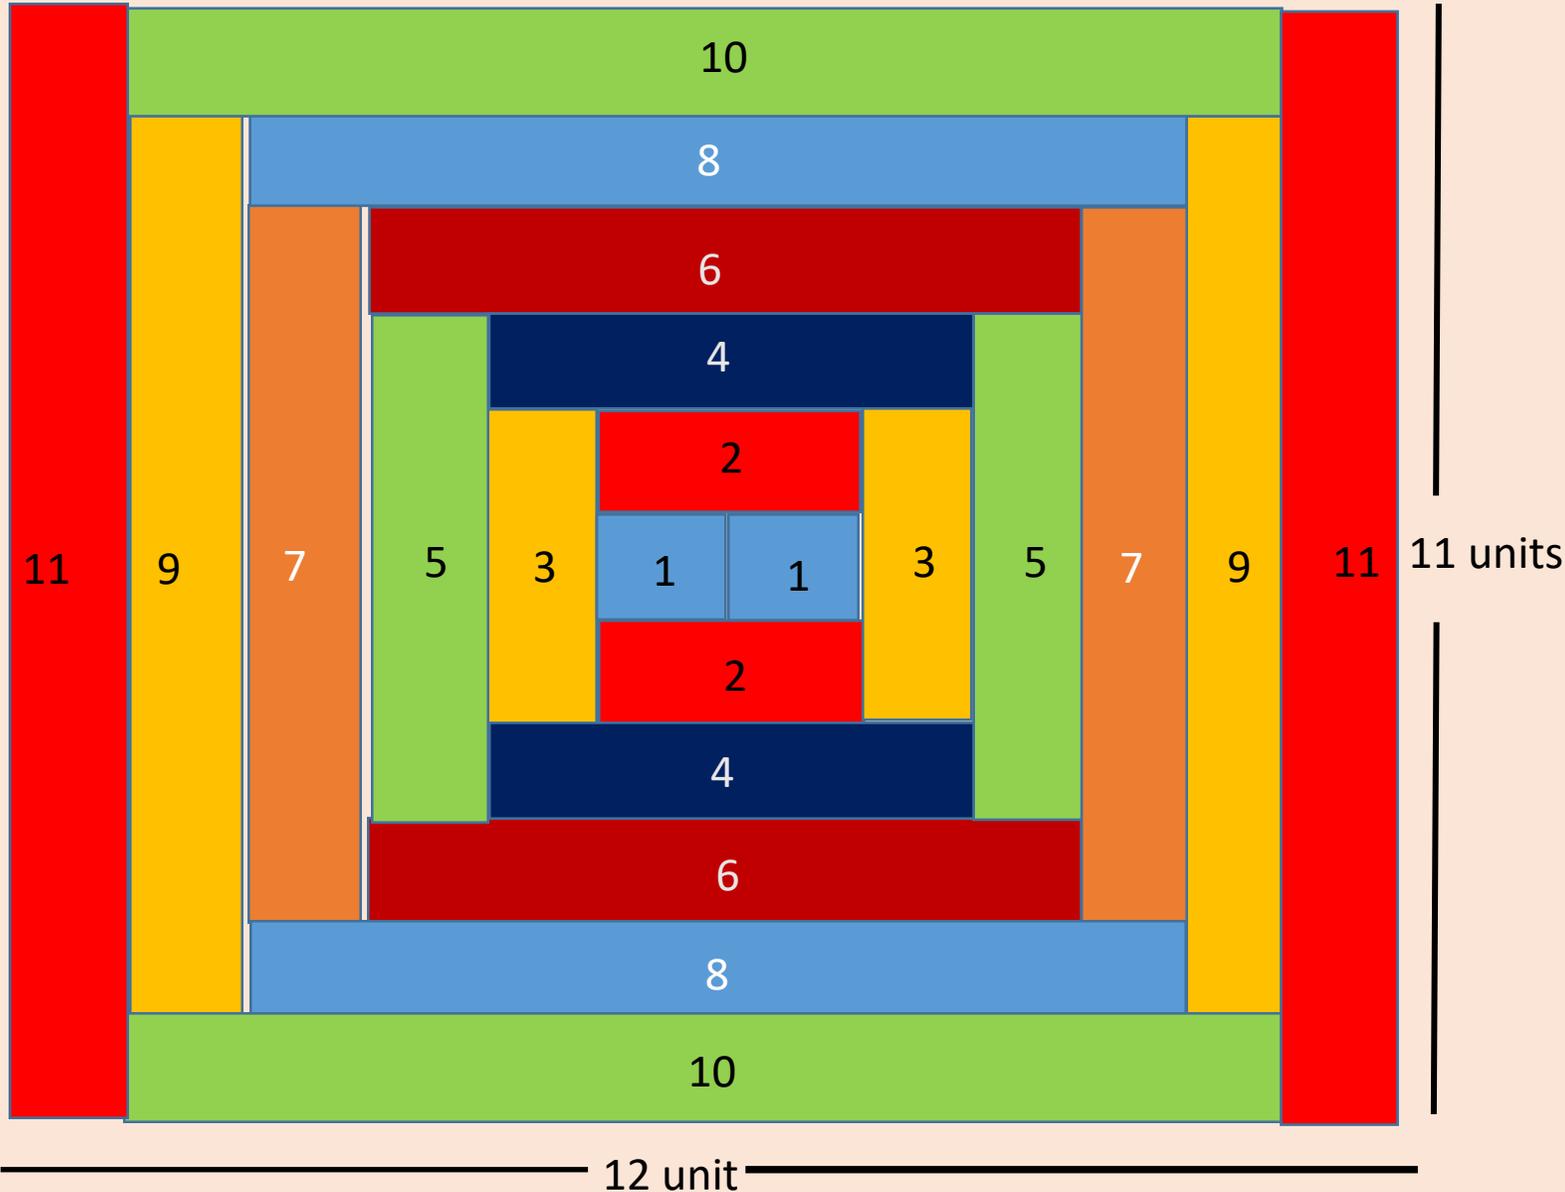

# *Objective*

To verify the sum of first 'n'  
natural numbers i.e.  
 $\frac{n(n+1)}{2}$  by graphical  
method.

# Sum of 'n' Natural Numbers

# Sum of 'n' Natural Numbers

$$2(1+2+3+4+\dots+10+11)$$

= Area of the Rectangle

$$= 11 \times 12$$

Therefore

$$1+2+3+4+\dots+10+11 =$$

$$\frac{11 \times 12}{2}$$

Sum of 'n' Natural numbers

$$= \frac{n(n+1)}{2}$$

# *Result*

It is verified graphically that,

$$1 + 2 + 3 + \dots + n = \frac{n(n+1)}{2}$$

or

$$\text{Sum of first 'n' natural numbers} = \frac{n(n+1)}{2}$$

Completed the Online Training on Geogebra  
(Basic) and Geogebra (Advanced)  
by the Spoken tutorial, IIT, Bombay

COMMONWEALTH *of* LEARNING

This is to certify that

**Pramila kumari sahuo**

successfully completed

**Teaching Mathematics with Technology  
(TMT)**

a four-week online course

offered by the Commonwealth of Learning (COL)

16 June 2022

HONOR CODE

Completion Certificate

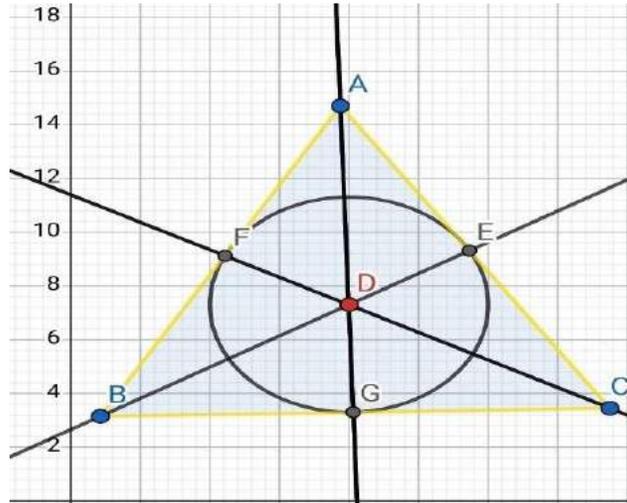

Professor Asha Kanwar  
President and CEO  
Commonwealth of Learning, Canada

Verify the authenticity of this certificate at

Successfully completed Teaching Mathematics with Technology ( Geogebra) ,a four week online course offered by the Commonwealth of Learning (COL)

# Some developed applets by using Geogebra:

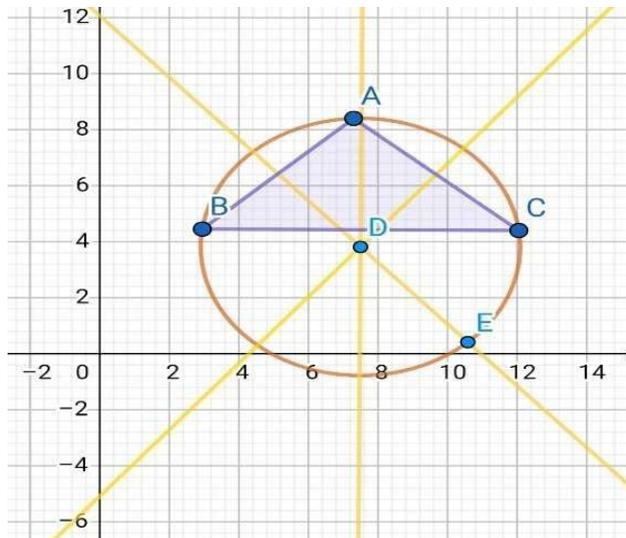

In-centre of a triangle

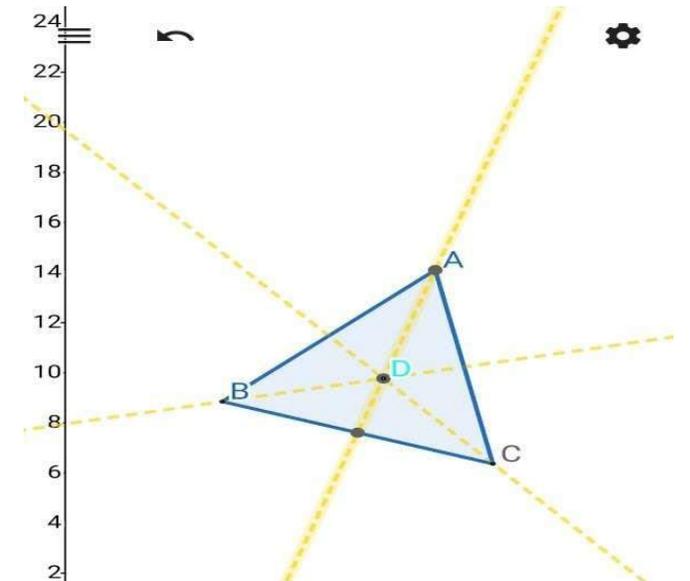

Altitudes of a triangle

Circum-centre of a triangle

Perpendicular bisector of sides of a triangle

Completed the Online  
Training on O Labs By  
amrita University

Completed the Online Training  
on Guided Learning  
Programme in Mathematics by  
Khan Academy

# Certificate

This is to certify that

**Pramila Kumari Sahoo**

attended and completed the online  
Test Item Writers  
held from 2 March 2021 - 1 April 2021  
for the CBSE-CBE project  
(March 2021-March 2022)

Signed

**Rowan Kennedy**  
Deputy Director India  
British Council

Signed

**Dave Mellor**  
Deputy Director of  
Assessment  
Aphaplus Consultancy Ltd

Signed

**Joseph Emmanuel**  
Director (Academics)  
CBSE

Attended and Completed the  
Online Test Item writers  
Training By British Council for  
the CBSE – CBE Project From  
March 2021 to March 2022

# School Innovation Ambassador Training Program

## Innovation Ambassador Certificate

This is to certify that  
**PRAMILA KUMARI SAHOO**

has completed the  
School Innovation Ambassador Training Program  
of 72 hours duration of Ministry of Education's Innovation Cell,  
AICTE and CBSE.

  
**Prof. Anil Sahasrabudhe**  
Chairman  
AICTE

  
**Dr. Abhay Jere**  
Chief Innovation Officer  
Ministry of Education's Innovation Cell

  
**Dr. Biswajit Saha**  
Director (Training & Skill Education)  
CBSE

Issue Date: July 2022

Certificate ID: SIA2021140501/IA

# Certified as Innovation Ambassador by Ministry of education

## UNESCO MGIEP

MAHATMA GANDHI INSTITUTE OF EDUCATION FOR  
PEACE AND SUSTAINABLE DEVELOPMENT

AWARDS THIS CERTIFICATE TO

**Pramila Kumari Sahoo**

FOR SUCCESSFULLY COMPLETING THE COURSE ON

***The Digital Teacher (English)***

**Anantha K. Duraippah**  
Director, UNESCO MGIEP

## UNESCO MGIEP

MAHATMA GANDHI INSTITUTE OF EDUCATION FOR  
PEACE AND SUSTAINABLE DEVELOPMENT

AWARDS THIS CERTIFICATE TO

**Pramila Kumari Sahoo**

FOR SUCCESSFULLY COMPLETING THE COURSE ON

***The Digital Teacher: Course Facilitator***

**Anantha K. Duraippah**  
Director, UNESCO MGIEP

Verification code: 154aa0d6-700d-43bb-97fa-355c7f567fe6

This certificate was generated on Aug-18-2022

# The Digital Teacher Course Facilitator

# Produced best subject average in class-X Mathematics (CBSE)

Year	Subject Average	Achievement
2018-19	87.76	2 <sup>nd</sup> position in regional level
2019-20	92.25	1 <sup>st</sup> position in Regional Level
2020-21	91.5	2 <sup>nd</sup> position in regional level

Helped students to use ICTs for self-learning, cooperative/ collaborative learning, investigation, experimentation, development of higher order thinking skills

Students are using for

- ▶ Self Learning-Khan academy, YouTube, StepApp,
- ▶ Assignments- Khan Academy, Google form, Kahoot, quizory.com
- ▶ Investigations- Geogebra, YouTube.
- ▶ Experimentation- Geogebra, O-Lab (Amrita University), Math Lab (CBSE Tut)

# Helped in achieving 21st Century skills – cooperation, collaboration, communication, creativity, critical thinking.

- The students help each other in online platforms.
- They made discussions on social media like whatsapp.
- Through SMS, email, they convey their thoughts.
- If one student create any interesting or innovative solution to a question, that is shared and others are inspired.
- Critical thinking are developed by the use of figures.
- By using the modern tools and facilities, I use to integrate all the children together.

Quiz

Group activities

Preparing models in math lab

Mathematics Exhibition

Innovations

Preparing Wall magazine

# National ICT award For 2018 Received On 28<sup>th</sup> February 2022

# Received Guru Brahma Samman From Honourable Governor of Odisha, Prof. Ganeshi Lal on Teacher's Day ( 05-09-2022)

I am very much thankful to Navodaya Vidyalaya Samiti, all my principals, my colleagues, and my students for supporting me.

At the end I convey my hearty thanks to CIET-NCERT for giving me this wonderful opportunity to share my experiences to all my viewers.

Thank You
