### ATOMIC ENERGY EDUCATION SOCIETY

(An autonomous body under Department of Atomic Energy, Govt. of India)

**Atomic Energy Education Society (AEES), an Autonomous Body, under the Department of Atomic Energy, Govt. of India, provides education for wards of the DAE employees upto junior college level. Atomic Energy Central Schools and Junior Colleges are spread all over the country and are affiliated to CBSE and other State Boards. AEES has 31 Schools/Junior colleges at fourteen different centers with 27287 students and 1165 teaching and 275 non-teaching staff**

ऊर्जा केन्द्रिय विद्यालय क. 48  
ENERGY CENTRAL SCHOOL No.- 4, R.B.T.

# AECS-4

## RAWATBHATA, RAJASTHAN

**AECS-3**  
**TARAPUR, MAHARASHTRA**

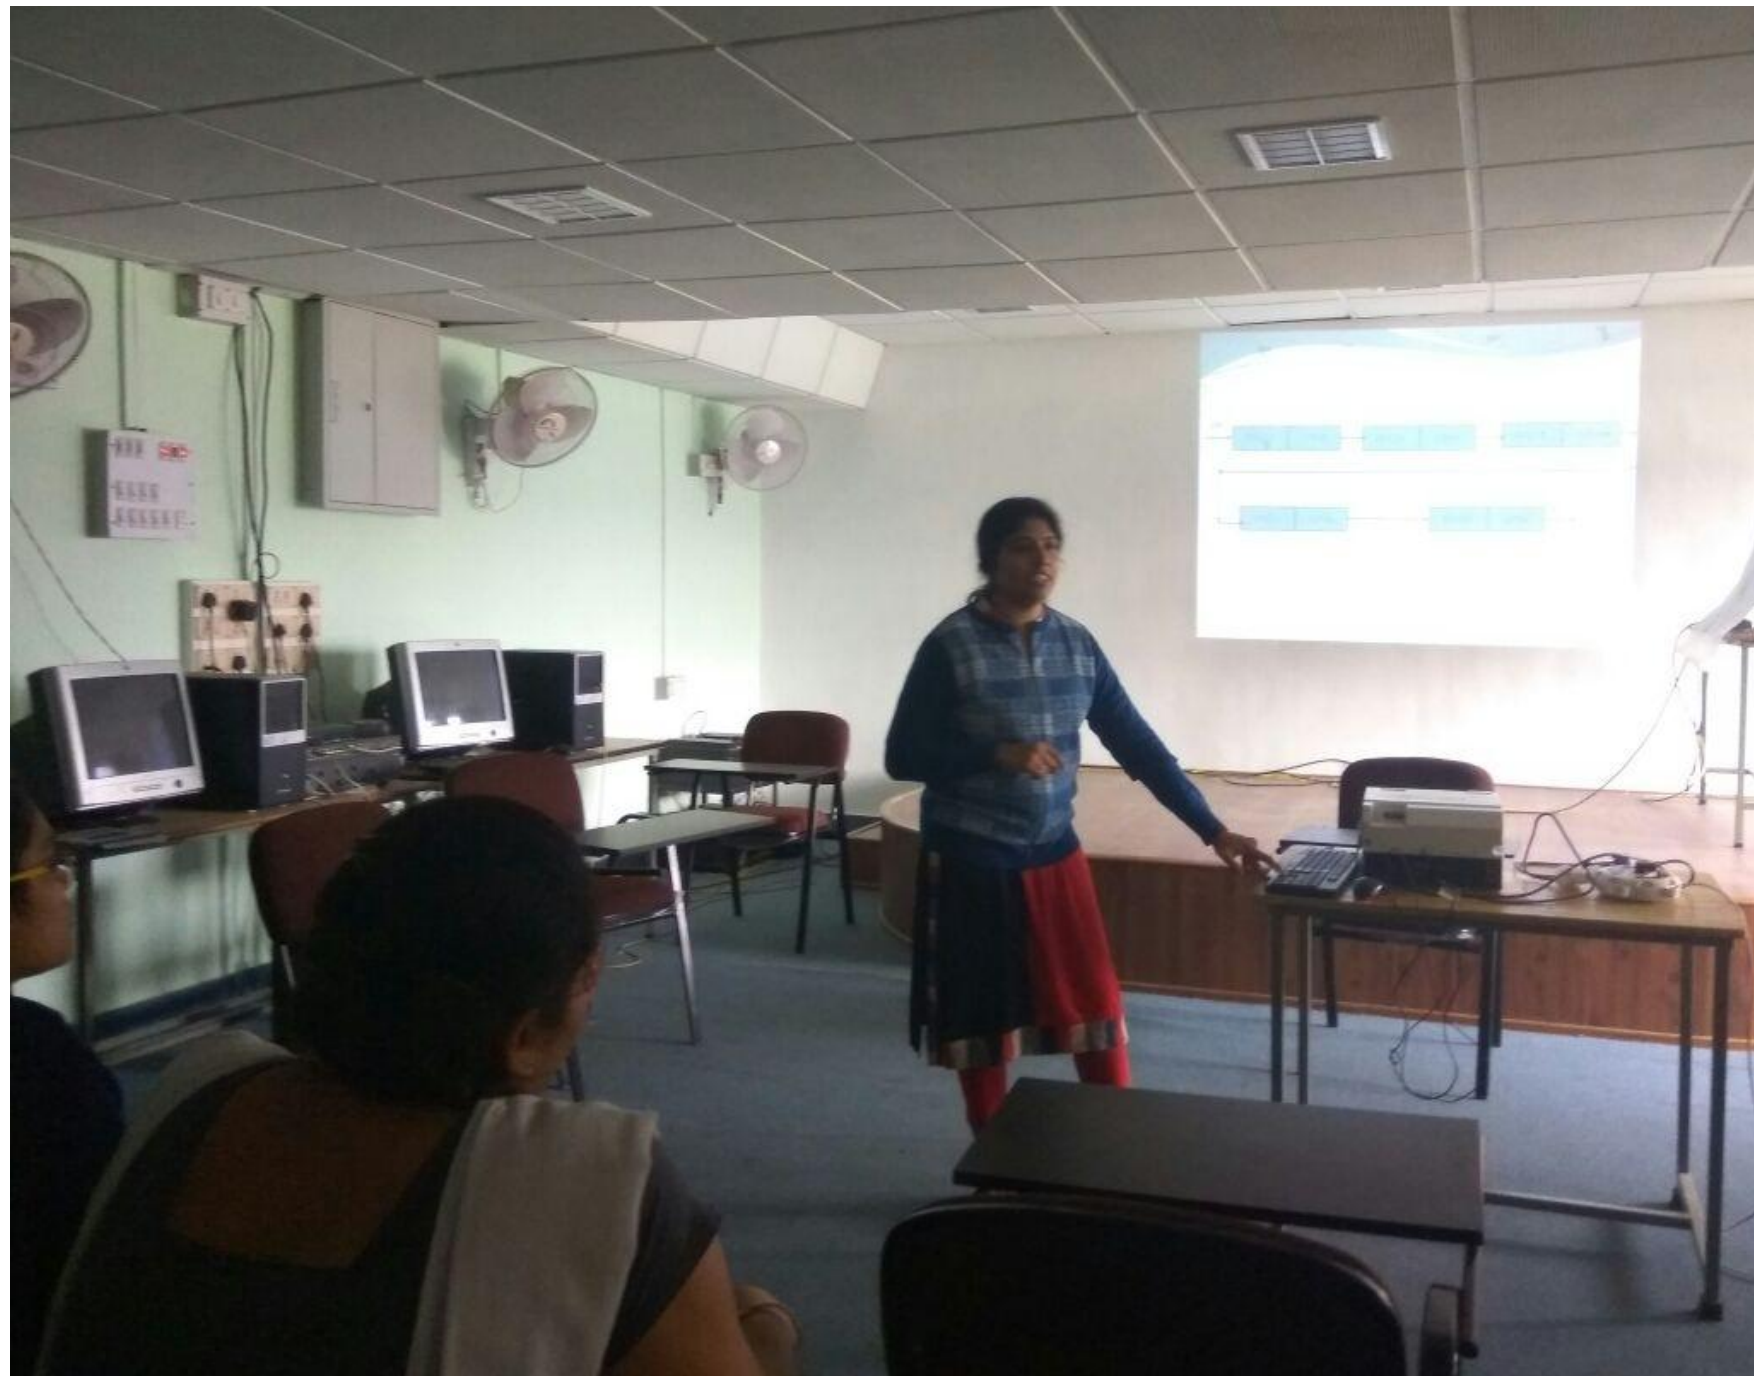

## HOW THE JOURNEY STARTED.....

1. Effective class room teaching
2. For Helping and motivating fellow teachers to use Technology based education
3. Helping administration in IT related areas for the overall betterment of the school.
4. Creating good rapport with the stake holders.
5. To Participate in social & community activities

**Created ICT integrated content for class XI & XII to get conceptual clarity and to have ease of understanding.**

**Giving ICT Training in  
All India AECS Primary Teachers Training Program**

**Giving ICT Training in  
All India AECS Lab Assistants Training Program**

### CONSTRUCTORS AND DESTRUCTORS

#### Constructor

A constructor is a special type of member function that initialises an object automatically when it is created.

A constructor will have exact same name as the class and it does not have any return type at all, not even void.

```
class Book
{
private :int bno;
        char bname[25];
public: Book()           //constructor
        {bno=0;
          strcpy(bname," ");
        }
void read();
```

## ASHES

March 25, 2018 | 3:00 PM 

Often do I wonder  
Where thy presence won't be felt,  
I would live there under  
To let go the memories long been held.

Often I lose track of time,  
Travel back into that night  
When we sat on the fireside  
Staring at the sparks and the yellow light.

I had asked in my husky voice,

"A [REDACTED]"

## About Us

Atomic Energy Central School No.3, Tarapur, is an English medium school intended to impart quality education to the wards of employees of Department atomic energy (DAE) and its constituent units situated at Tarapur. It is managed by Atomic energy education society (AEES) which is an autonomous body under DAE, Government of India.

Our school was started in the Academic Year 2002-03 as a secondary school affiliated to CBSE, to provide education from Preparatory class to Class X. In the academic year 2009-10, it was upgraded to Senior Secondary School with the introduction of Class XI with Computer Science and Biology Streams under affiliation to CBSE and in academic year 2010-11 Class XII was also started for the same subject streams. At present our school is having classes from Pre-Preparatory up to Class XII.

In pursuit of better means to provide quality education, practical and physical training to the children, our school is having an efficient team of highly qualified and trained teachers, well furnished and ventilated class rooms, well equipped laboratories for Physics, Chemistry, Biology and computer science practical's as well as physical education department and cultural programme committee to train the students in various sports and cultural events. To nurture the habit of reading and tendency for further deep subject study of students and also to facilitate referential needs of teachers, a well maintained library with more than 10,000 books in various subjects and categories is available in our school. The school administration is managed by the Principal, with the co-ordination of Vice-Principal, Headmaster, Post Graduate Teachers, Trained Graduate Teachers, Primary Teachers, Librarian, Lab-assistants, Office Staff and supporting staff.

### LETTER OF APPRECIATION

AECS-3 has started a Transactional SMS service from the Academic year 2018-19, to send bulk SMS to the parents to give information regarding important notices and events related to school activities. This has proved as a quick and effective way of communication to the parents and has helped to improve the parent teacher relationship. This initiative has received a warm welcome from all the stakeholders and administrative authorities of the school.

Smt. Sona O.K, PGT Computer Science, was entrusted with the duty of realization of this project. She has successfully completed her duty by initiating this project and gone through the various legal formalities for starting this service. She also has created class wise and group wise phone lists and various generic message templates for sending transactional SMS. This letter of appreciation is to acknowledge her contribution towards making this project a reality.

# Classes & objects

Public members are the members that can be directly accessed by any function. Member function of the class is a non-static function.

Private members are the class members that are hidden from the outside world. The private members of the class can be used only by member function of the class in which it is declared.

Protected members are the members that can be used only by member function and the friend function of the class in which it is declared. They cannot be accessed by non-member function.

## Defining Member Function of Class

Example: A class with two objects is given below.

1. Inside the class definition
2. Outside the class definition

Syntax for outside the class definition: member function name

is given as:

```
member_function_name : function_name(member_list)
```

```
{
```

```
function body
```

```
}
```

## Syntax for inside the class definition

```
member_function_name {
```

```
function body
```

```
}
```

```
};
```

```
};
```

```
};
```

```
};
```

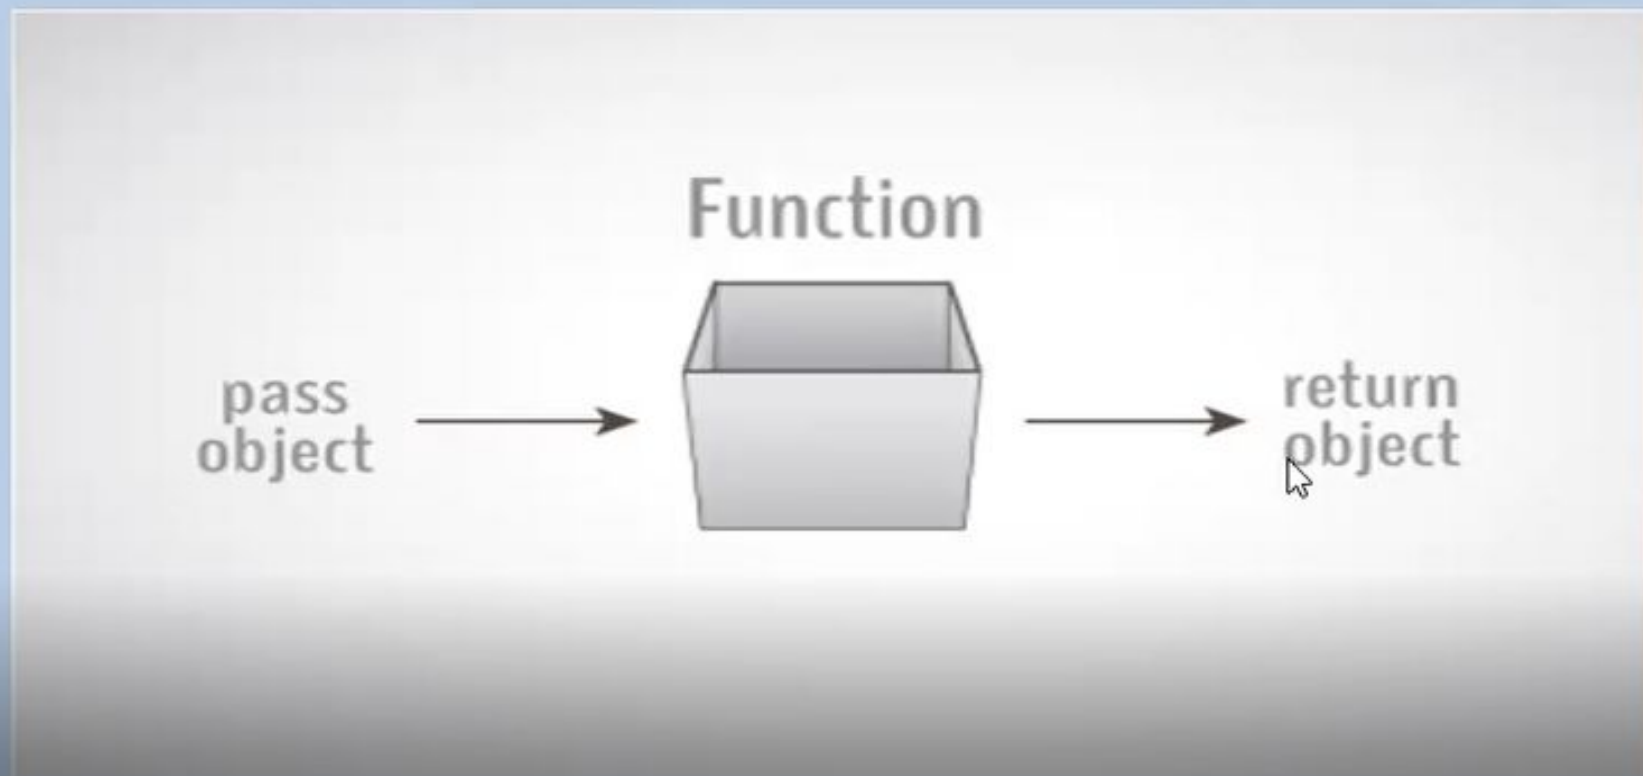

```
};
```

```
};
```

Subject: Intimation regarding my online classes for students of AECS-3 Tarapur

To

- 1) The Chairman / Secretary, AEES
- 2) The Chairman LMC, Tarapur
- 3) The Vice-Principal In-charge, AECS-3 Tarapur

Respected Sir,

As you are aware, 12<sup>th</sup> standard's CBSE board examination for the subject Computer Science (Code No: 083) has been postponed due to Covid-19.

Even though a brush-up of the chapters before the exams can help the children to get better marks, due to the country wide lock down now in force, it is not possible to provide class room training to the students now.

Hence as an alternative, I have started online classes to my 12<sup>th</sup> standard students since last week so that I can communicate with them and guide them collectively like in the class room.
