your collection
meaningful and
engaging!

Collaborate

Invite others to collaborate with you on your collections to share ideas, inspiration and knowledge.

Create living, breathing Spaces where your students and colleagues can work together to accomplish amazing things.

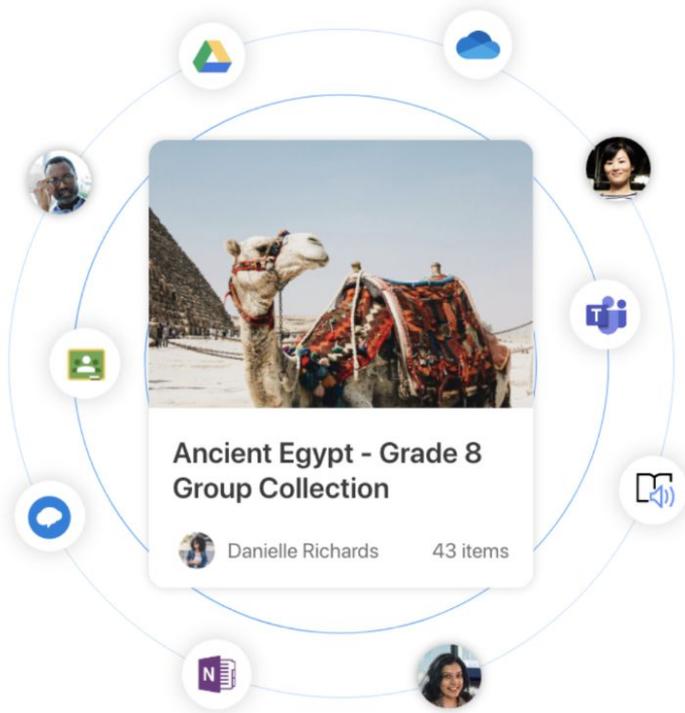

The screenshot displays a user interface for a digital workspace. On the left is a sidebar with a profile icon and the following text: "CISCE and CAIE Computer Applications and Computer Science Resources", "Profile unpublished", "Collections 4", "Bookmarks 30", "Members 1", and "Space settings". The main area features a search bar and a "Sort by: Created" dropdown. Below this is a grid of four collection cards:

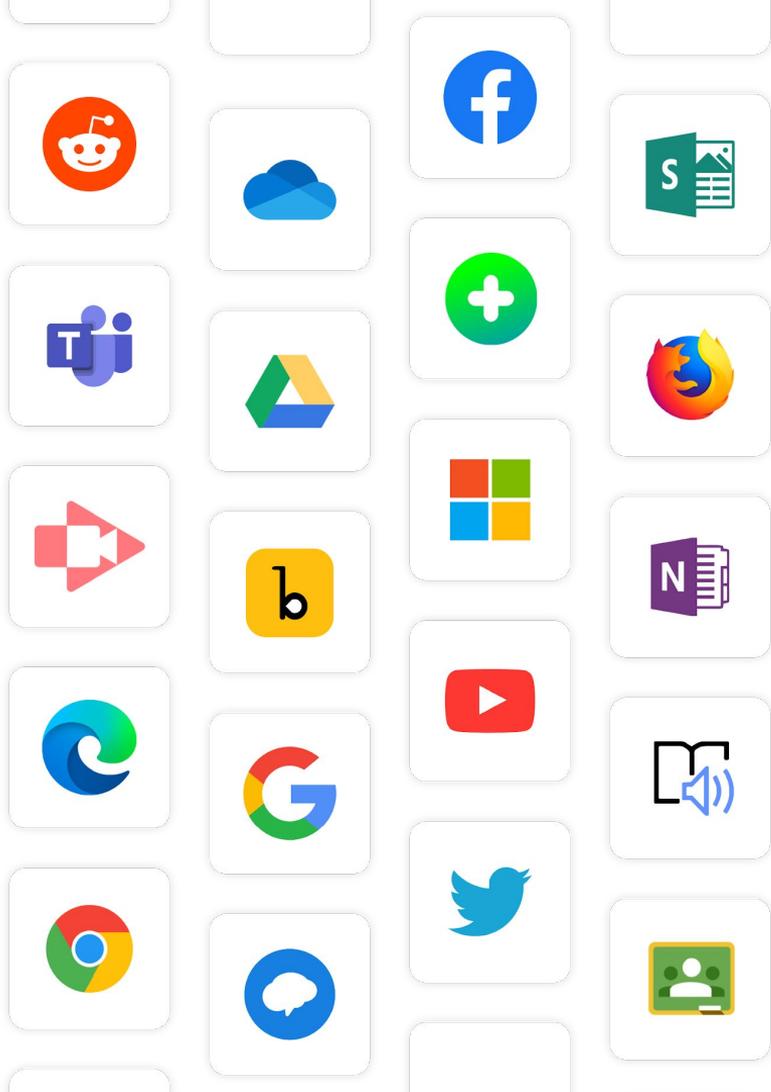

- Create a new collection**: A card with a green plus sign icon.
- 18-3-2021**: A card with a green header "Homework" and two lines of math problems: $1) \text{Find } (a, b) \text{ if } (a, b) = (0, 1, 4, 6, 7)$ and $2) \text{Find } (x, y) \text{ if } x^2 + y^2 = 2x + y^2 + x^2 + y^2$. It shows 8 items and was created by "You".
- 10 IG Computer Science**: A card with a photo of a laptop on a desk. It shows 23 items and was created by "You".
- ICSE Computer Applications**: A card with the logo of The Sanskaar Valley School. It is presented by the Sanskaar Group & Sharda Devi Charitable Trust.
- ISC Computer Science Notes All in one Place**: A card with the same school logo as the previous one.

✨ Present & Share!

Share collections with a single link or via our integrations with your favourite apps!

Choose from 4 different layouts to showcase your collections in beautiful, engaging ways.

Wakelet can be integrated with multiple platforms and multiple apps.

Other Key Features!

Collaboration

Collaborate with others on your collections. Perfect for group projects, assignments and reflection boards. Create collaborative Spaces for your classrooms and learning communities!

[Collaborate on a collection tutorial & Spaces tutorial](#)

Copy collection

Make your collection copyable! This way other users can make a copy of the collection to customise, edit and share!

[Step by step guide](#)

Immersive Reader

Translate any text on Wakelet into over 60 different languages and more! Great for inclusivity and equity!

[Watch tutorial](#)

Embed collection

You can embed any Wakelet collection into your blog, website, or LMS like Canvas or Schoology!

How can Students use Wakelet and work on collaborative assignments?

13s and over

Students who are aged 13 and over can create their own Wakelet accounts and start curating straight away!

They can use Wakelet to complete assignments, enhance their digital research, and even create visual portfolios that showcase their best moments and accomplishments from their time at school!

Under 13s

Through our collaboration features, a teacher can share a collection or a Space with these students who can then contribute to it.

They do not need a Wakelet account to do this. They can even create their own collections whilst collaborating too!

Assignment submission

Group research

Project research

Classroom discussion

Digital portfolios

Assignments

Thank You!
